E-PRESCRIBING CONSENT FORM

E-Prescribing is defined as a physician's ability to electronically send an accurate, error free and understandable prescription directly to a pharmacy from the point of care. E-Prescribing greatly reduces medication errors, and enhances convenience for the patient while maximizing patient safety. Congress has determined that the ability to electronically send prescriptions is an important element in improving the quality of patient care. The Medicare Modernization Act (MMA) of 2003 listed standards that have to be included in an E-Prescribe program.

These include:

- Formulary and benefit transactions – Gives the prescriber information about which drugs are covered by the patient's drug benefit plan.
- Medication history transactions – Provides the physician with information about medications the patient is already taking to minimize adverse drug events.
- Fill status notification – Allows the prescriber to receive an electronic notice from the pharmacy telling them if the patient's prescription needs to be refilled, has been picked up, not picked up, or partially filled.

By signing this consent form, you are agreeing that Macias Dermatology, can electronically transmit your prescriptions directly to your pharmacy.

E-Prescribing is an optional service and you may choose to decline. Please note that consenting to E-Prescribing also permits the use of your prescription medication history from other healthcare providers and/or third-party benefit payors (i.e., your insurance company) for treatment purposes only. Understanding all of the above, I hereby provide informed consent to Macias Dermatology to enroll me in the E-Prescribe Program.

Patient Financial Policy Sheet

To reduce confusion and misunderstanding between our patients and practice, we have adopted the following financial policies. If you have any questions regarding these policies, please discuss them with our office manager. We are dedicated to providing the best possible care and service to you and regard your complete understanding of your financial responsibilities as an essential element of your care and treatment.

Your Insurance

We have made prior arrangements with many insurers and health plans to accept an assignment of benefits. This means that we will bill those plans for which we have an agreement and will only require you to pay the authorized copayment at the time of service. This office's policy is to collect this copayment when you arrive for your appointment and send a bill for any amount that is deemed Patient Responsibility by your insurance carrier.

If your insurance requires a referral it is your responsibility to provide the referral to our office prior to seeing the physician. If unable to provide the referral prior to the visit payment in full will be required at the time of the visit.

If you have Medicare, PART B only you are responsible for your Medicare deductible and your 20% of the charges will be billed to you.

If you have insurance coverage with a plan for which we do not have a prior agreement, we will prepare and send the claim for you on an unassigned basis. This means that your insurer will send the payment directly to you. Consequently, the charges for your care and treatment are due at the time of the service.

In the event that your health plan determines a service to be "**not covered**," you will be responsible for the complete charge. A bill will be sent to you.

We will bill your health plan for all services provided. Any balance due is your responsibility and is due at the time of service or upon the receipt of a statement from our office.

If you have lab work performed, you will receive a separate bill from the lab offices that prep and provide lab results.

Macias Dermatology charges a fee for failure to cancel your appointment within 24 hours of your scheduled appointment \$25.00 for office visits \$50.00 for scheduled surgeries.
